You can ship freight prepaid and DAP (Delivery duty unpaid) to our warehouses.

Make sure to provide MATHEZ ONSITE contact details in the broker section when ordering courier service.

Nota bene

If Mathez Onsite must take over Customs clearance from a Courier, in order to secure your DDP shipment, extra charges will apply like courier transfer fee, Customs clearance, taxes & duties and customs bond credit fee (non-exhaustive list).

If Courier uses Mathez Onsite as importer of your shipment to Customs clear your shipment, extra charges will apply like Customs clearance fee, improper IOR fee, taxes and duties and fund advance (non-exhaustive list). These extra charges will be passed on to your company and may be subject to a separate invoice at a later date and they are indisputable.

Courier companies **do not work on weekends and holidays** even though they might say otherwise.

All excise goods delivered to us must be accompanied by one of these documents:

- **Electronic Administrative Document (eAD)** for goods which are under duty-suspension
 - **Electronic Simplified Administrative Document (eSAD)** for goods under duty paid ***
- *** **Not recommended** to avoid double taxation and reimbursement demand at origin

Please provide:

- /// **Excise movement electronic transfer** (EMCS document called **E-AD**) should be established on our excise number **FR001310E0010 in box 5** connected to our office address:
MATHEZ – AEROPORT NICE COTE D'AZUR – 06200 NICE

However, a system of reimbursement is in place to avoid double taxation, please check with the tax warehouse of origin.

If you have left over that need to be returned, please provide:

- /// A detailed **list of return products** on Excel format
Otherwise we will perform an inventory which will be charged to you (minimum 130 euros).
- /// Complete **return instructions** to generate **return E-AD**.
- /// Valid **excise number** if different than the original one.

Products without EMCS return instructions will be taxed in full of excises duties.

All eSAD shipments taxed will be returned under eSAD (free for consumption in France).
