& TRAVEL RETAIL

CANNES

## CONSIGNMENT INSTRUCTIONS AND DEADLINES

**BEWARE FOR ALL FINAL IMPORTS** including giveaways, samples, mockups, printed matters etc..

Since January 2022, France has changed its legislation about import taxes. Now all importers, French or Foreigners, must be registered in France and have a French VAT number to use the mandatory reverse charge mechanism. This means that instead of paying import taxes and duties to Customs via our services, importers have to declare their import VAT on their French monthly VAT return in order to pay it. However they still need to use our clearance services for the Customs formalities and the settlement of the import duties.
